## *Renegade* EXPLORER

More advanced than ever, the Renegade Explorer is back for 2022. Featuring new floor plans, P4 Freightliner Cascadia 116 with an Allison transmission and a 505-HP, 13-liter engine, it gives you the driving power you need to get you to your destination both safely and comfortably.

Spacious and luxurious, the Explorer's interior is beautifully designed to include tile floors, full maple, hardwood residential style cabinets and kitchen and bathroom tile back splashes.

### **Featured to the left:**

The quad-slide 40ERB floorplan shown, features a bath and a half, with maple hardwood cabinets and woodwork, stained in woodstock finish, all electric appliances, and standard polished solid surface counter tops. Residential inspired furniture is standard with Ultra Leather fabrics and is designed with taller backs for better support. Some popular options being offered in the Explorer are lithium battery upgrades, solar panels, heated floors, and a fireplace for that touch of home.

Your destination awaits when you drive in style with the new 2022 Renegade Explorer.
